

MCC: Resident Country Mission

Randall Wood, Resident Country Director

Randall Wood is Resident Country Director (DRCD) for Senegal and was previously the Deputy Resident Director for Benin from 2006-2010. He is one of MCC's earliest employees, working since February 2005 on the Mozambique, Bolivia, and Benin teams. Prior to joining MCC, Randall was the in-country manager for the \$2M US Army Corps of Engineers-USAID Hurricane Mitch Reconstruction Program in Nicaragua, Central America. He is an experienced construction contracts manager and construction supervisor with degrees in civil/environmental engineering and economics/international development. He has served as a Peace Corps Volunteer, has published two books, and speaks six languages.

Ndeye Gamou Mbodj, Development Specialist

With masters in sociology and in political science, Ndeye Gamou Mbodj has an extensive professional expertise in monitoring and evaluation, gender development and research in social sciences. She is the Resident Country Mission's Development Specialist. She works closely with MCA Senegal Cellule d'Appui on donor integration. Before joining MCC RCM in Senegal, Gamou has worked most recently with USAID education projects where she designed and implemented Monitoring and Evaluation system. Prior to that, she worked with the Medical Research Council in the Gambia as social scientist and project manager, then with Plan International in Senegal to implement and develop a pilot project on childhood development issues in Senegalese rural areas.

Pape Diasse, Administrative Assistant

Pape Makhoudia Diasse is the Administrative Assistant of MCC Senegal since April 2010. Mr Diasse holds a Bachelor's degree in Finance/Accountancy from SupDeCo Dakar in 2002. He is doing a Master in Management this year at the same school of commerce. Prior to joining MCC he worked as a storekeeper at the GSO Supply/Warehouse of US Embassy Dakar for three years. And before joining the US Embassy he was working as a site Manager with Mobil oil Senegal (Market at pump stations). He obtained his Certificate in fluency in General English from DELC (Dakar English Language Center) two years ago.

Abdoulaye Gano, Driver

Abdoulaye Gano is the Driver of MCC Senegal Since April 2010. Gano has a junior high school level and had followed and holds a degree in " Informatique De Gestion" from Pascal Institute in Tunisia. Abdoulaye joined USAID/Senegal in 2008 as a driver, operating passenger vehicles to transport USAID/Dakar personnel and visitors for official business within the city of Dakar and to points within Senegal. Before joining USAID, he had worked as driver for the US Embassy, the UN, the Embassy of Nigeria, Ecobank, and the Embassy of Korea, among others. He is fluent in French, English, Arabic, Poular and Manding.
